Computer-aided design (CAD) is the use of computer systems (or workstations) to aid in the creation, modification, analysis, or optimization of a design. CAD software is used to increase the productivity of the designer, improve the quality of design, improve communications through documentation, and to create a database for manufacturing. CAD output is often in the form of electronic files ...

SMC's pre-wired connector auto switch is in 3 pin 8mm style. Standard wire length is 0.5m (S). With the use of the pre-wired connector switch, the need for minimum order quantities for "special" auto switches with connectors is eliminated and wiring with the use of standard connectors is simplified.
