237.14.2.1 Project Data Summary Report. This Excel report, prepared by the designer, gives a summary of all Electronic Design Data files submitted with the project and is an important reference for MoDOT staff and contractors that may use the Electronic Design Data.

237.14 Electronic Design Data Delivery - Engineering

Electronic engineering (also called electronics and communications engineering) is an electrical engineering discipline which utilizes nonlinear and active electrical components (such as semiconductor devices, especially transistors, diodes and integrated circuits) to design electronic circuits, devices, VLSI devices and their systems. The discipline typically also designs passive electrical ...
