Positive Minds offers support and advice to help adults improve their wellbeing and reduce the mental and emotional stress in their life. The main focus of work is on one to one support, but we also run a monthly coffee morning to provide a supported social opportunity for people who are anxious, low in confidence or isolated.

3. Prioritizing Requirements. New requirements, including defects identified as part of your user testing activities, are prioritized by your project stakeholders and added to the stack in the appropriate place. Your project stakeholders have the right to define new requirements, change their minds about existing requirements, and even reprioritize requirements as they see fit.
