Description. The red deer is the fourth-largest deer species behind moose, elk and sambar deer. It is a ruminant, eating its food in two stages and having an even number of toes on each hoof, like camels, goats and cattle. European red deer have a relatively long tail compared to their Asian and North American relatives.

Red deer - Wikipedia

Combining the power of HP printing leadership in security, quality, and reliability with the professional performance of the Samsung brand at great prices to offer unprecedented print innovations and performance for your business.
