

human communication the basic pdf

Human rights are moral principles or norms that describe certain standards of human behaviour and are regularly protected as natural and legal rights in municipal and international law. They are commonly understood as inalienable, fundamental rights "to which a person is inherently entitled simply because she or he is a human being" and which are "inherent in all human beings", regardless of ...

Human rights - Wikipedia

Human-animal communication is the communication observed between humans and other animals, from non-verbal cues and vocalizations through to the use of language.
