Sleeping at your job improves your memory Scientists at the University of New York recently conducted a research proving that a short sleep of about 15-30 minutes, in front of the computer screen at work, is extremely useful both for health and for the working efficiency. They did some tests and arrived at the conclusion that to sleep at work, in the middle of the day, is necessary.

Jungleland was basically the zoo for Hollywood. It housed many of the animals used in movies between the 1930s and 1960s. As you drove up the coast, past the town of Thousand Oaks, you could literally see

elephants and occasionally other animals chained to the side of the road advertising the zoo.
