Question: What is the best trading strategy on TradingView?. We have developed many strategies, and they all work well with TradingView. However, there are two that we recommend that if you are going to be using the trading view as your trading platform, then you must try these two strategies out.

What is The Best Trading Strategy To Earn A Living

Algorithmic trading is a method of executing a large order (too large to fill all at once) using automated pre-programmed trading instructions accounting for variables such as time, price, and volume to send small slices of the order (child orders) out to the market over time. They were developed so that traders do not need to constantly watch a stock and repeatedly send those slices out manually.
